ALL-NEW AND READY FOR ACTION.

The all-new Next-Gen 2023 Ford Everest SUV more than earns its impressive name. It's built tough and can take you and your crew of adventure seekers far from the beaten path. With a newly designed exterior firmly planted at its corners, and new soft touch finishes inside the sophisticated interior, it's time to aim higher with the Everest SUV.

Titanium. Sedona Orange Metallic.

MAKES A BIG NEW IMPRESSION.

Inside the Ford Everest SUV, you'll feel the difference of what it means to be all-new. Think of it as your own calm sanctuary taken to the next level. Comfortable, spacious and purposefully designed. The coast-to-coast instrument panel amplifies the sense of space and width of the cabin. The available ambient lighting sets the mood as you travel to points unknown. And the digital instrument cluster and available integrated 12" center LCD touchscreen are enveloped with premium materials and finishes.

Titanium. Ebony leather-trimmed seating surfaces. Available equipment.

THE POWER TO **CONNECT.**

With simple voice commands or a quick tap or swipe of the LCD capacitive touchscreen, the available SYNC® 4 voice-activated technology^{1,2} can put you in touch with enhanced connectivity. You'll love all its features and easy-to-use interface. SYNC AppLink^{®3} gives you voice control of compatible mobile apps, too. Rather see your phone's familiar interface⁴ on the big screen? Go ahead and take your pick.

1. Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Functionality varies by market. **2.** Availability varies by market. **3.** Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. **4.** Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality.

A SENSE OF CONFIDENCE.

From urban city centers to muddy back roads, the all-new 2023 Ford Everest SUV is designed to help you feel confidently in command. Its standard and available driver-assist features¹ can help supplement your driving skills.

FORD CO-PILOT360™ TECHNOLOGY

- Pre-Collision Assist® with Automatic Emergency Braking
Standard on Titanium
- BLIS® (Blind Spot Information System) with Cross-Traffic Alert
Standard on Titanium
- Lane-Keeping System
Standard on Titanium
- Rear View Camera
Standard on Ambiente, Trend and Titanium
- Post-Impact Braking
Standard on Titanium

Standard on Titanium
- Rear Parking Sensors
Standard on Ambiente, Trend and Titanium
- Front Parking Sensors
Standard on Trend and Titanium

¹. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations.

ROOM TO ROAM IN COMFORT.

QUIET SOLITUDE

Built using noise-cancelling materials, the Ford Everest cabin includes an acoustic-laminate windshield – standard on Trend and Titanium – to help keep outside sounds from interfering with your peaceful drive.

POWER UP

Keep your electronic devices charged and ready to go by using the 12V powerpoint and available USB ports.

COVERED FRONT TO BACK

Driver and front-passenger front airbags¹ and side-curtain airbags¹ are all standard to offer peace of mind, while available driver's knee airbag^{1,2} offers an extra sense of security.

Titanium. Ebony leather-trimmed seating surfaces. Available equipment.

1. Always wear your safety belt and secure children in a rear seat.

2. Availability varies by market.

POWER

UP AND GO.

With 170-hp, the 2.0L Turbo Diesel engine comes equipped with a 6-speed automatic transmission and is standard on the Ford Everest Ambiente. The 2.0L Turbo Diesel with 10-speed transmission is standard on Trend and Titanium.

EXCEPTIONAL CAPABILITY.

You just know with a name like the Ford Everest SUV that you're fully capable of going places lesser vehicles wouldn't dare. Even better, it's built tough. That means it can take on all types of terrain. The available Terrain Management System™ with Selectable Drive Modes lets you amp up the driving experience you want, or that road conditions demand. And Electronic Stability Control (ESC) and Roll Stability Control™ help you keep the Everest SUV firmly planted on the ground.¹

NORMAL

Tailored for on-road driving and calibrated to deal with all conditions for everyday use. Biases torque to the front wheel and sends it to the rear only as needed.

GRAVEL/GRASS

This mode upshifts early and downshifts later to keep engine speeds low, helping provide more predictable responses to your throttle inputs on slippery surfaces. In addition, reduced throttle pedal sensitivity is designed to enhance control.

SAND

Ideal for soft sand and deep snow, this mode automatically engages the electronic-locking rear differential to help optimize power, gear shifts and Electronic Stability Control (ESC) to maintain momentum and minimize braking distances.

MUD/RUTS

By automatically engaging the electronic-locking rear differential, this mode is tuned to maximize grip and maintain vehicle momentum. It also allows wheels to spin at speed to clear mud from the tire treads.

¹. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

THE INSPIRATION TO DO MORE.

Every time you set out in the Ford Everest SUV, you'll feel it: the call of the wild. The need to go and be as far away from civilization as possible. You can, with off-road capability geared to put you there, thanks to impressive ground clearance and generous approach and departure angles. Plus, it has an ample fording depth for when your trail turns into a riverbed.¹

Titanium. Aluminum Metallic. Available equipment.

1. Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your Owner's Manual for detailed information regarding driving through water. **2.** 4x4 models.

GO FURTHER

WITH ALL YOUR GEAR.

When it isn't transporting the entire family, the Next-Gen Ford Everest SUV is more than capable of hauling a bountiful amount of cargo. With the 2nd- and 3rd-row seats folded down, you can open a massive 2,010 liters¹ of cargo space. Available PowerFold[®] 3rd-row seats also make it easy to find some extra space at the press of a button by folding flat to give you a stable surface.

PERSONALIZATION MAKES IT YOURS.

For some people, aluminum wheels and splash guards are enough to set their vehicle apart. But others want to make their Ford Everest SUV truly their own. Ford Accessories allow you to personalize your Everest model to your exact needs, interests, hobbies and more. And each accessory is designed specifically for your vehicle, so you can be assured of a perfect fit. See your dealer for a complete list of available Ford Accessories.
